 **Premier**™

HEAVY-DUTY PILE PROTECTION SYSTEM WITH A FIBERGLASS JACKET AND SEASHIELD 550 EPOXY GROUT

SeaShield Series 500 System is comprised of the SeaShield Fiber-Form Jacket and SeaShield 550 Epoxy Grout. The system can be applied above and/or below the water with inexpensive pumping equipment or poured into the pile jacket. The Series 500 System is tough, durable and provides the ultimate protection to restore steel, concrete and timber piles.

FEATURES:

- Outstanding abrasion resistance
- Easy to install
- Non-corrosive & UV resistant
- Requires inexpensive pumping equipment
- Flowable epoxy grout
- Excellent adhesion to substrate
- Manufactured to be translucent with clear gel coat
- High impact resistance & Long maintenance-free service life
